

## Peerless Project News Update

Our plans for the All New Peerless are underway. As Tennessee's Oldest Independent Restaurant, it has been our honor to serve Johnson City and the region for over 82 years. We are committed to reopening of the iconic ALL New Peerless Steakhouse Grill.

In regard to Covid-19, which has impacted all our lives, the National Restaurant Association has forecasted that a high number of dining establishments across the country will close in 2020. We recognize that this is not the best time to relaunch our operation. Thus, we will continue spending this time to adjust our plans accordingly to redefine the newest chapter in our history.

A special message to all - Our fellow restaurateurs are doing what they can to survive these challenging times; therefore, we encourage our community to support all local business including our friendly competitors and retailers.

We look forward to serving you again once everything stabilizes. Finally, we are excited and optimistic to REDEFINE our unmatched dining experience in the near future.

As always, best wishes to all our loyal Guests & Friends.

Hospitably yours,

Gary J Kalogeros, President | Peerless Hospitality Concepts, Inc
